ESR Appoints Dalmar Sheikh as Chief Executive Officer, ESR Data Centres

SINGAPORE, 19 August 2026 – ESR has appointed Dalmar Sheikh as Chief Executive Officer, ESR Data Centres, effective 1 September 2026.

Based in Singapore, Dalmar will lead ESR's Data Centres business, with responsibility for its strategy, performance and next phase of growth. He will oversee the continued expansion of ESR's digital infrastructure platform to meet increasing demand from hyperscalers and enterprise customers in Asia-Pacific.

ESR's Data Centres platform is a key growth pillar for the Group, supported by a pipeline of more than 3.2 GW across major Asia-Pacific markets, including Japan, South Korea, and Australia. As adoption of cloud computing, artificial intelligence and digital technologies continues to accelerate, ESR is well positioned to support growing demand for digital infrastructure across the region.

In his role, Dalmar will lead the execution of ESR's data centre strategy, advancing the development pipeline, deepening relationships with customers, investors and industry stakeholders, and driving new growth opportunities and solutions for the platform. His appointment reflects ESR's continued investment in leadership and capabilities as it scales its integrated real assets platform across Asia-Pacific.

Dalmar brings more than 20 years of experience across data centres, digital infrastructure and technology. He joins ESR from CtrlS Datacenters, where he served as Chief Operating Officer. Previously, he held senior leadership roles at DataSphere Advisory, Actis and Amazon Web Services, building extensive experience in the development, operation, and growth of digital infrastructure platforms in Asia-Pacific and other international markets.

###

About ESR

ESR is a leading Asia-Pacific real asset owner and manager focused on logistics real estate and data centres that power the digital economy and supply chain for investors, customers, and communities. Through our fully integrated real asset fund management and development platform, we strive to create value and growth opportunities for our global portfolio of investors. We offer our customers modern space solutions to realise their ambitions across Australia and New Zealand, Japan, South Korea, Greater China, Southeast Asia, and India, including a presence in Europe. Our purpose, Space and Investment Solutions for a Sustainable Future, drives us to manage sustainably and impactfully for the communities we serve to thrive for generations to come.
